RACE 2	
WICK RACING MAIDEN, 297m	
5 My Brady Bunch	Missed the start by approximately 8-10 lengths. Stewards conferred with the starter and checked the starting box for any anomalies after the race. No issues were identified, the greyhound appearing to have leant back in the box immediately prior to lidrise.

RACE 3	
DAPTO CITIZENS BOWLING CLUB MAIDEN, 520m	
<b>4 Forners Destiny</b>	Hindquarters hampered by another runner at the point of the turn into the home straight, colliding with that greyhound in the home straight.
<b>6 Stilton Lane</b>	Checked off the heels of another runner at the point of the turn into the homestraight, colliding with that greyhound in the home straight.
<b>7 Despicable Cali</b>	<p>Hampered off heels soon after the start, at the tail of the field for the remainder of the race.</p> <p>Initial post race veterinary examination revealed no apparent injury. An initial veterinary examination by the OTV revealed a spike wound to the nearside hind for which no incapacitation period was applied. A subsequent veterinary examination by the OTV revealed an injured nearside groin for which a 21 day incapacitation period was applied.</p> <p>Stewards after reviewing the post race available footage had concerns regarding the greyhound striding out fully passing the changeover in the back straight and approaching the finish post. Taking account of the veterinary outcomes above, stewards took no further action.</p>

RACE 4	
RYAN'S CLEANING SERVICE 1-3 WIN, 520m	
7 Mason Here	<p>Collided soon after the start and came together with another runner in the home straight several times first time around. On entering the home straight momentarily hampered by another as it moved out from the rail, before colliding with that greyhound, then bumping with shoulder contact before chasing to the finish.</p> <p>Initial Post race veterinary examination by the OTV and subsequent examination revealed no apparent injury.</p> <p>Stewards after reviewing the race footage available could not conclusively determine if this greyhound had failed to pursue the lure in the home straight given the interference to it and the runner on its inner as they came together several times. Stewards concluded that in the absence of conclusive evidence regarding this greyhound not pursuing the lure soon after entering the home straight, that the greyhound be afforded the benefit of the doubt FTP. Stewards did however advise the trainer after the OTV examinations that a warning would be applied to this greyhound, such that if it were to repeat or exceed tonight's behaviour further action by stewards would likely follow. Stewards also took the opportunity tonight of recording this greyhound's behaviour in the Etrac database for future reference and review of performances near term.</p>
