| 6 Clyde Prince | <p>During the starting procedure, the greyhound delayed the start by appearing to be hard to box with the handler requiring assistance from the starter. After the competition of the race, Stewards discussed with the starter and handler of the greyhound, trainer Ms Francis Goodwin regarding the boxing of the greyhound. It was established that as she went to load the greyhound away, it turned its head outwardly, kicked back and made the loading process extremely awkward. Whilst Stewards acknowledged the starting procedure was delayed, under the circumstances established, no further action was taken. Stewards advised Ms Goodwin that a warning would be placed on the greyhound's record regarding the boxing mannerisms with a repetition of tonight's behaviour may result in the greyhound being declared 'hard to box'.</p> |
