Ms Finn stated the greyhound is returning from a nearside wrist injury suffered 20/2/24 and had trialled at Richmond during the week exceptionally well. She expected the greyhound to lead and perform well tonight. Ms Finn added when the greyhound was retrieved from the race bay tonight she noticed the greyhound was over excited and played up going to the boxes, which she believes may have contributed to tonights performance.</p> <p>Taking into consideration the submissions made, the veterinary outcome and that a prerace swab was obtained, no further action was taken</p>
