<td>In a cleanly run event MERCURY CALLING [2] eased momentarily while leading turning out of the back when the lure distances momentarily increased sharply. Stewards viewed the video replay immediately after the event and deemed that the only greyhound affected was MERCURY CALLING [2] who still won the event. The lure driver approached stewards immediately after the event to explain the lure drive. Stewards declared all clear after the appropriate greyhounds were identified. Stewards spoke with the trainer of MERCURY CALLING [2] regarding the greyhounds actions turning out of the back. After considering the video replay and submissions from the trainer of MERCURY CALLING [2] stewards took no further action.</td>

PERFORMANCE/INCIDENTS
OREN ISHI [7] galloped awkwardly for a stride turning out of the back, drifting wide and losing momentum soon after. ONE CALL AWAY [8] checked OHMYWOW [2] approaching the finish line. After viewing the video replay and considering submissions, from the trainer, stewards took no further action other than to advise Mr. Gibbons that future performances of the greyhound would be monitored.
